- Supreme Metal works is one of the few companies in India which have proven standards for Quality and is a system oriented ISO:9001 company

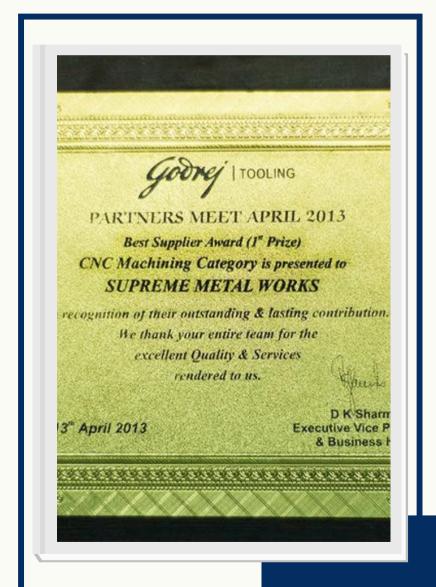

Awards & Certificates

CORE COMPETENCY

A deep understanding of engineering and its fundamentals & Well defined management policy

Well equipped machining set up(CNCs, VMCs and many other machines) & Well trained technical staff.

Supreme Metal Works has always had a dedicated inspection team right from the day of its inception.

Quality Assurance

request

We at Supreme Metal Works understand the need for quality assurance and we have a in-house Inspection facility to suit our requirements. Radiation checks, and chemical composition checks (PMI) are some of the few important checks we follow and are done by a qualified team of staff. We have a comprehensive SOP for Inspection which insures quality and dimensional checks at every station of manufacturing.
